PROFESSIONAL SUMMARY

Results-driven Business Analyst with 2.5+ years of full-time experience in enterprise digital transformation, systems migration, and operational optimization. Proven track record leading firm-wide ERP implementations (Frappe/ERPNext), streamlining business workflows, and converting executive strategic goals into automated technical solutions. Strong background collaborating with C-suite stakeholders, consulting leadership, and cross-functional teams to eliminate operational waste and drive cost efficiency.

CORE COMPETENCIES & TECHNICAL SKILLS

Business Analysis: Requirement Gathering, Gap Analysis, Process Mapping, Business Process Re-engineering (BPR), Stakeholder Management, Workflow Automation.

Systems & Tools: ERPNext / Frappe, Power BI, Microsoft Office Suite (Advanced Excel), Tableau, SQL, Python, n8n, JIRA.

Strategic Domains: Operational Budgeting, Cost-Benefit Analysis, System Migration, Variance Tracking, Risk Mitigation, Strategic Decision Support.

Certifications: Microsoft Certified: Data Analyst Associate (PL-300) | IBM: Data Science Tools | Harvard: Data Science Modules.

PROFESSIONAL EXPERIENCE

FAATEH REAL ESTATE — **Dubai, UAE**
Business & Systems Analyst (FTE) — *March 2024 – Present*

- Spearheaded the firm-wide systems transformation and legacy data migration to Frappe/ERPNext, translating departmental business requirements into technical workflows and reducing reporting latency by 50%.
- Designed operational variance analysis dashboards in Power BI for executive leadership, facilitating rapid identification of operational inefficiencies and capturing 100% of target budget savings.
- Automated cross-departmental reconciliation and monthly forecasting processes through custom script integrations, saving operational and finance teams 20 hours per week.
- Standardized business reporting across business units, establishing unified KPIs and single-source-of-truth documentation to support executive strategic decision-making.

UC BERKELEY — **Remote**
Research & Systems Analyst Intern — *January 2024 – March 2024*

- Conducted technical feasibility assessments and operational reviews of research software architecture to enhance study workflows and remote data capture.
- Authored comprehensive technical documentation and conducted user training sessions on modern data management protocols for international academic teams.

DELOITTE — **Kolkata, India**
Strategy & Management Analyst Intern (SA&MA) — *July 2023 – October 2023*

- Collaborated directly with the Consulting Director to evaluate client operational data, translating complex multi-source findings into executive-ready strategic presentations.
- Conducted quantitative gap analyses and market synthesis to benchmark client operations against industry standards, directly shaping strategic advisory deliverables.

ALSAY GASTECH PVT LTD — **Noida, India**
R&D & Market Operations Analyst Intern — *January 2023 – March 2023*

- Conducted technical market research and experimental data analysis, evaluating industrial supply-demand patterns to identify emerging industry trends.
- Organized and synthesized experimental datasets to provide data-driven insights that guided product development and executive R&D strategic roadmaps.

NOTABLE INITIATIVES & PROJECTS

Enterprise Financial & Operational Platform — **Python, JavaScript, HTML, CSS**

- Designed and deployed a business intelligence platform that replaced manual spreadsheets with automated revenue and project profitability tracking, slashing administrative overhead by 70%.
- Facilitated change management by gathering user feedback across business units and tailoring UI/UX workflows to align with executive reporting requirements.

GeeksforGeeks Chapter Operational Management — **Bennett University**

- Head of Events: Directed operations, budgeting, and execution for 15+ university-wide technical initiatives; negotiated partnerships with external tech startups to scale chapter sponsorship.

EDUCATION

BENNETT UNIVERSITY — **Greater Noida, India**
Bachelor of Technology (B.Tech) in Computer Science & Engineering (Data Science) — CGPA: 9.0 / 10.0 — *October 2020 – July 2024*
